

LECONFIELD PRIMARY SCHOOL GEOGRAPHY CURRICULUM STATEMENT 2021-2022

Intent	Research link	Implementation	Impact
<p>To build a geographical curriculum that develops learning and results in the acquisition of knowledge of their world around them so that they know more, remember and understand more.</p>	<p>The National Geographic Association maintains that it is essential for children to be: “engaged with innovative and ambitious learning that has relevance to their lives and challenged to think about 'real world' issues.” (www.geography.org.uk)</p>	<p>Knowledge Organisers Children have access to key language and meanings in order to understand and readily apply to their written, mathematical and verbal communication of their skills, in a purposeful context. This promotes connections to be made across all foundation subjects where applicable.</p> <p>Key Vocabulary The promotion of a language rich Geography curriculum is essential to the successful acquisition of knowledge and understanding in Geography. A clear progression of geographical language will be developed throughout Leconfield School.</p> <p>Independent learning: In Geography children are encouraged to enquire about their topic of interest and develop their independence when locating places, describing places and exploring the outdoors. What’s in the news? Termly child lead activity focussing on physical and human aspects for Geography from around the world.</p> <p>Children will access resources to acquire learning through atlases, text books, maps, digital technology and photographs. Children will use a range of secondary resources to develop their knowledge and understanding that is integral to their learning. Clear progression of fieldwork and geographical skills.</p> <p>Enhancement In order to enhance the curriculum for geography children access the local area at least once a term; by making connections through all the different curriculum areas and have access to a local map. With this map they navigate and apply their geographical skills when accessing the local area.</p> <p>Educational Visits and EPIC Days To enhance their cultural capital where applicable links to geography will be made to develop the children’s learning. World Wise Week to start June 2022</p>	<p>Children will achieve age related expectations in Geography at the end of their cohort year.</p> <p>Children will retain knowledge that is pertinent to geography with a real life context.</p> <p>Children will understand how geography ‘happens’ in their local area.</p> <p>Children will have a good understanding about the world around them and how it has been shaped.</p> <p>Children will know more, remember more and understand more.</p> <p>The pupil voice will represent an understanding of what geography is and how they have applied this learning in a given context.</p>
