

WILLOW CLASS

Summer Term Newsletter 2022

Welcome back! We hope that you have all had a wonderful Easter break. We are looking forward to another busy and fun term this Summer. Many thanks Miss Neale, Miss Cross and Mrs Woodcock.

As part of our History and Geography work this term we are going to be exploring everything from 'Farm to Fork'. We will look at where food comes from and how food is able to grow in certain conditions. For our History we will be looking at historical events and people that are local to us. In the second half of the summer term our topic is 'Oh I do like to be beside the seaside.' During this topic we will be looking at how the seaside has changed over the years from the Victorian times to now. We will also use this time to look at the different seas that surround the UK.

In Art and D&T we will look at the artist David Hockney and the work that he has produced over time. We will use his work as inspiration to create our own art pieces.

Our English lessons this term will be focused around poetry. We will learn about what a poem is as well as looking at a variety of different poems on different topics. Finally we will produce our own poems using what we have learned.

In Science we will be learning about the seasons, looking particularly at Spring and Summer. We will learn about the different signs of spring by going on a spring walk to see what we can see and hear as well as thinking about how things change as we go through the different seasons.

In RE we will be learning all about 'Our Wonderful World'. We will be looking at what makes our world a special place as well as how and why we should take care of it. We will also be looking at the Christian creation story and the Hindu creation story.

In Computing the children will continue to explore our new chromebooks, working with the google classroom and understanding this. We will develop our coding skills, creating algorithms to make things work and understanding how to decode these too.

PE and Games Lessons

We are very lucky this half term to be able to take part in PE lessons provided by Hull FC. These PE sessions will focus on ball handling skills as well as team skills and will be taught through a variety of different games. These will take place on Fridays which mean that our PE sessions this half term will be on Tuesdays and Fridays.

Please can children continue to come to school in their PE kits on these days.

Daily Routine

Each morning the pupils have a phonics session, maths, and then English.

During the afternoons we focus on the Foundation subjects, including: History, Geography, RE, Science, PE and Music.

Teds and Certificates

Teds and certificates will be given out to pupils on a Friday.

Other Information

Reading books will be sent home each night. When reading with your child please complete the reading records.

If you have any resources, books or photographs for based on our topic, we would love to see these and we will take great care of these. Please feel free to send in pictures of your holidays, especially if you have been at the beach.

Many thanks for your continued support.
Miss Neale, Miss Cross and Mrs Woodcock.
