

Our School Curriculum Vision

At Leconfield, our vision is to provide a safe, caring and inspiring environment where children are supported, challenged, and valued personally and academically so they can be the best they can be.

Our Curriculum Vision:

We aim to offer a rich and engaging curriculum in which children can be curious and encouraged to explore and experience new concepts and the wider world.

Based on the National Curriculum, with the East Riding RE syllabus, our curriculum is structured for our unique community. It is designed so that key concepts and skills are revisited regularly. This gives all our children a solid foundation on which to build and reflects the needs of our population and high levels of migration.

We believe that effective curriculum planning and sequencing is essential to secure learning for all children regardless of ability or background. We ensure learning is planned through a progression of skills over time to help children know more and remember more. We make explicit links between current learning and previously mastered knowledge and skills.

At Leconfield, we recognise individual challenges to learning and teaching is adapted accordingly. A range of strategies are used to promote an inclusive approach for all children. We provide pastoral and support and learning opportunities which are fair and equitable to all.

Our school vision is at the core of our curriculum with curiosity and open mindedness being particularly central to our teaching and learning experiences.

We are:

- **Respectful** – everyone is valued and has a place in our community. We provide a friendly and inclusive environment where quality relationships are important. We value and respect individuals.
- **Open Minded** – our minds are always open to new experiences and we prepare children for the challenges and opportunities of adulthood in a changing world
- **Curious** – we encourage and enable everyone to experience success and help our children to develop lively, enquiring, imaginative and creative minds through our broad and exciting curriculum
- **Kind** – we are kind to others, ourselves and our surroundings. We are respectful of everyone. We take responsibility for our role in the world around us

In conclusion...We ROCK!
