

Maths focus:
Each day we have a focus session in maths due to the needs of our school community. This means we revisit areas of maths frequently.
Monday = Time / Algebra and ratio
Tuesday = Shape
Wednesday = Measures
Thursday = Fractions, decimals and percentages.
Friday = Statistics
This may sometimes differ depending on the year group.

Autumn 2
Multiplication and division
Factors and multiples

Spring 2
Fractions, multiplication and division.

Summer 2
Problem solving and consolidation of the 4 operations.

Autumn 2
Multiplication, division, fractions and angles.

Spring 2
Fractions, decimals and percentages. Measures.

Summer 2
Problem solving and Year 7 preparation.

Leconfield Maths Long Term Plan

Year 6

Year 5

Autumn 1
Place value, addition and subtraction

Spring 1
4 operations. Rounding, negative numbers and fractions. .

Summer 1
4 operations. Addition and subtraction of fractions.

Autumn 1
Place value, addition and subtraction

Spring 1
Ratio and proportion. Area and perimeter.

Summer 1
Problem solving and reasoning. Consolidation and SATS

Summer 1
4 operations. Addition and subtraction of fractions.

Autumn 2
Multiplication and division

Summer 2
Problem solving and consolidation of the 4 operations.

Spring 2
Fractions, multiplication and division.

Autumn 2
Multiplication and division

Autumn 1
Place value, addition and subtraction

Year 4

Spring 2
Fractions, multiplication and division.

Spring 1
4 operations. Rounding, negative numbers and fractions. .

Autumn 1
Place value, addition and subtraction

Summer 1
4 operations. Addition and subtraction of fractions.

Spring 1
Rounding, partitioning, 4 operations and fractions.

Year 3

Summer 2
Problem solving and consolidation of the 4 operations.

Summer 1
Problem solving and reasoning. Consolidation and SATS

Spring 2
Missing numbers. 4 operations and reasoning problems,

Autumn 2
Counting skills. Exploring different types of measures.

Spring 2
Composition of numbers beyond 5. Measures.

Summer 2
Doubling and halving, subitising. Exploring shape and measure.

Autumn 2
Place value, addition and subtraction.

Spring 2
Counting forwards and backwards, comparing, ordering and measures.

Summer 2
Problem solving and consolidation of the 4 operations.

Autumn 2
Addition and subtraction, multiplication and division.

EYFS

Year 1

Year 2

Autumn 1
Place value, addition and subtraction

Spring 1
Partitioning, addition, subtraction, multiplication, division.

Autumn 1
Composition of 5, comparing numbers, Subitising and pattern spotting

Spring 1
Subitising and counting. Exploring 2D and 3D shapes.

Summer 1
Composition of numbers. One more and one less. Patterns.

Autumn 1
Counting and sorting of objects and shape.

Spring 1
Number bonds, addition, subtraction, grouping.

Summer 1
Addition, subtraction, multiplication, division and fractions.
