

## **Our Design & Technology Curriculum Vision**

**“Design is not just what it looks like and feels like. Design is how it works.” - Steve Jobs (entrepreneur)**

In our Design & Technology lessons we ROCK!

**R**espectful – we are respectful of all design ideas so that we have the confidence to take risks

**O**pen Minded – we are open minded as we develop an awareness of how design technology can impact our lives and the world around us

**C**urious – we are curious about how we advances in Design and Technology can change the world around us encouraging us to become resourceful and enterprising

**K**ind – we are kind and reflective learners who constructively evaluate our own work and the work of others

**In conclusion, we ROCK!**
